

## Notice of Surry County Election Day Polling Places and Buffer Zones

The following is a list of Surry County polling places and a description of each buffer zone concerning 2024 electioneering. Buffer zones are set as designated by G.S. 163-166.4. Election officials will mark buffer zones on Election Day with blue tape and “No Campaigning Beyond This Point” signs. **Each polling place has a designated campaigning area as described below. Campaigners should never block traffic, parking, or entrances.**

Campaigners are not to enter the buffer zone except for use of restroom facilities, specific business with the Board of Elections office, business with another entity in a building jointly occupied, or for voting purposes. Please note public restroom facilities may not be available at all polling places. Access to non-public restrooms is at the discretion of the Board of Elections.

While inside the buffer zone for one of the aforementioned reasons, campaigners should refrain from engaging in activities that violate or appear to violate campaigning guidelines. Campaigning issues or suspected violations are to be brought to the attention of the Chief Judge of the precinct and the Board of Elections office.

### **NCGS§ 163-166.4. Limitation on activity in the voting place and in a buffer zone around it.**

(a) Buffer Zone. - No person or group of persons shall hinder access, harass others, distribute campaign literature, place political advertising, solicit votes, or otherwise engage in election-related activity in the voting place or in a buffer zone which shall be prescribed by the county board of elections around the voting place. In determining the dimensions of that buffer zone for each voting place, the county board of elections shall, where practical, set the limit at 50 feet from the door of entrance to the voting place, measured when that door is closed, but in no event shall it set the limit at more than 50 feet or at less than 25 feet.
