COMMUNITY YOUTH LEAGUE ASSISTANCE GRANT GUIDELINES

Funds are now available to organize Youth Leagues within the County to assist in the operation of their Youth League. The Youth League **must** have been in existence at least one (1) year. If it is **operated by** a sponsoring organization, the organization must apply for assistance. **(For Example:** The XYZ Youth Foundation operates a Tee-Ball League, a Little League Baseball, a Youth Basketball League, and a Youth Girls Softball League. The XYZ Youth Foundation must apply for the funds, not each sport. If, however, the ABC Youth Baseball League is not under a "parent organization," and operates totally on its own, that Youth League may apply for the funds.)

These funds are restricted to only non-profit, non-municipal Youth Leagues. Municipalities are not eligible for funding.

Funding Priorities:

1. Organizations based in one location, operating one or more sports, will have first priority for funds.
2. Teams will be second in line of priority for funding.
3. Parent or County-wide organizations such as Babe Ruth, Cal Ripken, and Fast Pitch Associations will have last priority behind local programs and leagues in the priority for funding.
4. Rosters cannot be duplicated from organization to organization.
5. The League Assistance sub-committee will make the final determination of fund allocation.

See next page for additional requirements.
