Section 2. Maintenance of the Pay Plan

The County Manager and/or designee shall be responsible for the administration and maintenance of the pay plan. The pay plan is intended to provide equitable compensation for all positions when considered in relation to each other; to general rates of pay for similar employment in the private sector and in other public jurisdictions in the area; to changes in the cost of living, to financial conditions of the County and other factors. Section 4. Salary of Trainee

An applicant hired or an employee promoted to a position in a higher class, who does not meet all the established requirements of the position, may be appointed at a rate in the pay plan below the minimum established for the position. The rate of pay shall be established by the County Manager upon a recommendation from the department head/elected official. - a. An employee who is promoted or whose position is reclassified to a higher grade shall receive a step increase which is nearest in dollar terms to five percent or an increase to the minimum step of the new pay range, whichever is higher. It is the intent of this paragraph to establish the minimum pay increase which a promoted or reclassified employee shall receive. The Board of Commissioners may make appointments above these minimums, based upon factors such as the employee's job skills, complexity of job duties, training, certifications, and other job-related factors, and to insure conditions of pay equity.
- b. An employee who is demoted (voluntarily or involuntarily) to a position in a class with a lower salary range will have a salary adjustment to be within the salary range of the lower class. If the demoted employee is fully qualified for the new class, the department head/elected official may recommend to the County Manager/designee that the employee's salary not be decreased, provided the salary does not exceed the maximum of the new salary range.

- c. An employee transferring from a position in one class to a position in another class assigned the same pay range shall continue to be paid at the same step rate.
- d. An employee whose position is reclassified to a lower grade shall not receive a salary reduction, unless the employee's present salary exceeds the maximum of the new salary range, in which case the employee's salary shall be reduced to the maximum of the new grade.

An employee may be granted a leave of absence without pay for a period not to exceed one year for reasons of personal or family illness or injury.

Upon recommendation of the supervising department head/elected official, the County Manager or designee is authorized to approve requests in duration of up to one hundred and twenty

weekdays, excluding holidays. All requests of more than one hundred and twenty weekdays, excluding holidays, must be approved by the County Commissioners.

Section 7. Leave Without Pay – Effect Upon Benefits

All leave must be exhausted before leave without pay begins. An employee ceases to earn leave credits on the date leave without pay begins. Scheduled salary increments, longevity, and leave accrual dates will be adjusted accordingly. An employee absent from work due to an approved leave as allowed under the Family Medical Leave Act will continue to be eligible for benefits under the County's group insurance plans until the later of a period of up to 12 weeks or until the exhaustion of accumulated leave time, as allowed by the guidelines of the County health plan. During this time, the County will continue to make regular contributions for the County share of the insurance premium. Employee's share of contributions will continue to be paid by the employee and will be due to Human Resources by the 25th of each month. (After the later of 12 approved weeks of family medical leave or the exhaustion of accumulated leave time, insurance coverage may be continued as allowed under COBRA regulations, with the total cost being assumed by the employee.)

Any probationary employee will be subject to extension of the probationary period to appropriately evaluate satisfactory job performance. A salaried employee returning from leave without pay will be paid on an hourly basis until the total number of accumulated leave hours of annual, sick, comp, and petty reach eighty. The employee will return to salaried status on the first of the month following the accumulation of the eighty hours. The hourly rate will be equivalent to the rate paid as a salaried employee. At no time will the pay be greater, for an equivalent period of time, than the pay would have been while paid on a salaried basis.

Section 8. Workers' Compensation Leave

An employee absent from duty because of sickness or disability covered by the North Carolina Worker's Compensation Act may elect to use accumulated leave during the first week of absence in order to receive pay by the County for the seven calendar day waiting period. After the seven calendar day waiting period, the employee will be placed on leave without pay, receiving only payments covered under the Workers' Compensation Act. If the absence from work is longer than 21 days, resulting in retroactive pay for the week waiting period, County compensation and leave credits will be adjusted accordingly. Upon return to work, an employee's salary will be computed on the basis of the last salary earned plus other salary increases to which the employee would have been entitled during the disability covered by Worker's Compensation. Any probationary employee, on leave without pay status because of an on the job injury, will be subject to extension of the probationary period to appropriately evaluate satisfactory job performance.

Section 9. Military Leave

Employees who are members of the National Guard or Armed Forces Reserve shall be allowed fifteen scheduled workdays for military training leave with pay in one calendar year. Military leave shall not be charged against leave for which the employee may be eligible. Documentation will be required for approved military leave. Any requests of more than fifteen scheduled

workdays must be approved by the Board of County Commissioners. For extended periods of military service, the reemployment rights and benefits of USSERA will be followed.

Section 10. Civil Leave

A County employee called for jury duty or as a witness in any civil or criminal legal proceeding shall receive time off with pay during the required absence without charge to leave. An employee may keep fees and travel allowances received for jury or witness duty in addition to regular compensation. If the required time to be in court is less than the scheduled workday, the employee must use approved leave or return to work. Benefits shall accrue while an employee is on civil leave.

Section 11. Petty Leave

Each full-time regular employee shall be granted (16 hours) petty leave each year. Each part-time regular employee shall receive a prorated amount, based upon percentage of time scheduled to work. Temporary employees, whether full-time or part-time, shall not receive petty leave. Petty leave shall be credited to each employee’s account on July 1 of each year or prorated at 1 hour 20 minutes per month at hire. Any unused leave shall be cancelled on June 30 of each year. Following is an earnings schedule for regular employees who are hired after July 1 of each year.

Employees shall reserve their petty leave for use during inclement winter weather when road conditions may cause delays in reporting to work or require an early departure from work. After April 1st, petty leave may be taken for other purposes, but only upon permission of the employee’s department head/elected official. The County Manager, in consultation with the Chairman of the Board of Commissioners, may approve additional petty leave hours be granted for regular employees as dictated by the inclement weather closings of Surry County

ARTICLE VII SEPARATION, DISCIPLINARY ACTION, AND REINSTATEMENT

Section 1. Separation from Employment

All separations of employees from positions in the service of the County shall be designated as one of the following types: resignation, reduction in force, suspension, disability, retirement, dismissal, or death. All County property must be returned to the supervisor at separation of employment. An employee is required to work a portion of their termination day.

Section 2. Resignation

Resigning personnel are asked to give a minimum of two weeks written notice. Such notice shall be given to the department head/elected official (or in the case of department heads, to the County Manager).

Section 3. Reduction in Force

In the event that a reduction in force becomes necessary, consideration shall be given to the quality of each employee's past performance, the need for the employee's service, and seniority in determining those employees to be retained. "Management may identify lay-off units according to mandates, need for service, and funding priorities within a department." A "unit" for lay-off purposes will be defined as a "specific division or section" within a department. Employees who are laid off because of reduction in force shall be given at least two weeks notice of anticipated lay-off. No regular employee shall be separated while there are temporary or probationary employees serving in the same class in the department, unless the regular employee is not willing to transfer to the position held by the temporary or probationary employee.

Section 4. Disability

An employee may be separated for disability when the employee cannot perform the required duties because of a physical or mental impairment. Action may be initiated by the employee or the County, but in all cases it shall be supported by medical evidence as certified by a physician. "Family and Medical Leave Act" and "Americans with Disability Act" requirements must be met before any involuntary separation due to disability.

Section 5. Death

All compensation due in accordance with this ordinance will be paid to the estate of a deceased employee. The date of death shall be recorded as the separation date for computing compensation due.

Section 6. Disciplinary Action

An employee may be reprimanded, suspended, demoted or dismissed by the department head or County Manager because of failure in performance of duties or failure in personal conduct. The department head shall provide the employee with a written notice including the effective date, reasons for the action, and appeal rights available to the employee. The County Manager shall have final approval authority for all separations or terminations of employment. Transfers may be considered if it is expected that an employee's performance may improve in another area. The County Manager can authorize the transfer and associated budget adjustments.

Section 7. Failure in Performance of Duties

An employee whose work is unsatisfactory over a period of time shall be notified by the department head in what way the employee's work is deficient and what must be done if the work is to be satisfactory. An employee who is suspended, demoted, or dismissed for unsatisfactory performance of duties shall receive at least two written warnings before further disciplinary action is taken. One or more written warnings must be issued by the employee's supervisor. The warnings must specify the employee's performance deficiencies and the steps required to achieve satisfactory performance. If performance still does not improve, a final written warning must be issued by the department head/elected official. A final written warning serves notice to the employee that corrective action must be taken immediately to avoid further disciplinary action. The supervisor and the department head will record the dates of their discussions with the employee, the performance deficiencies discussed, and the corrective actions recommended and file the information in the employee's personnel file. Any further disciplinary warning within an 18 month period will be considered in the disciplinary process.

The following causes relating to failure in the performance of duties are examples of those considered to be adequate grounds for reprimand, suspension, demotion or dismissal:

- (a) inefficiency, negligence, carelessness, or incompetence in the performance of duties;
- (b) careless, negligent or improper use of County property or equipment;
- (c) physical or mental incapacity to perform duties;
- (d) discourteous treatment of the public or other employees;
- (e) absence without approved leave;
- (f) constant improper use of leave privileges;
- (g) frequent pattern of failure to report for duty at the assigned time and place;

A combination of deficiencies in performance of duties and/or personal conduct can be considered in determining the extent of disciplinary action taken.

Section 8. Failure in Personal Conduct

An employee may be reprimanded, suspended, demoted or dismissed for causes relating to personal conduct detrimental to County service (1) in order to avoid undue disruption at the workplace, (2) to protect the safety of persons or property, or (3) for other serious reasons. The following causes relating to failure in personal conduct are representative of those considered to be adequate grounds for reprimand, suspension, demotion or dismissal:

- (a) fraud in securing appointment;
- (b) conviction of a felony or a misdemeanor which would adversely affect the performance of duties, or the entry of a plea of “no contest” or “guilty” to either;
- (c) misappropriation of County funds or property;
- (d) falsification of County records for personal profit or to grant special privileges;
- (e) reporting to work under the influence of alcohol or drugs or taking such while on duty or while on public property, except that medication prescribed to the employee may be taken within the limits set by a physician so long as medically necessary.
- (f) insubordination

An employee reprimanded, suspended, demoted, or dismissed for causes relating to personal conduct shall (before disciplinary action) be given a statement explaining the reasons, be allowed to respond orally and in writing, and be given a written statement of the decision of the department head.

Section 9. Disciplinary Suspension

An employee who is suspended for disciplinary reasons shall be relieved temporarily of all duties and responsibilities and may, at the option of the department head or County Manager, receive no compensation for the period of suspension.

Section 10. Immediate Disciplinary Suspension

An employee may be suspended without notice by the department head or County Manager for causes related to failure in the performance of duties, personal conduct, or for other serious reasons. When a department head or the County Manager suspends an employee, he/she shall tell the employee to leave County property at once and remain away until further notice. A written summary outlining the facts leading to the suspension shall be prepared; one copy shall be delivered to the employee by restricted certified mail, one copy shall be filed in the employee’s personnel file, and one copy given to the County Manager, if written by the department head. If the officials listed are not available, their designee may perform the necessary action, as required.

Section 11. Non-Disciplinary Suspension

During the investigation, hearing or trial of an employee on any criminal charge or during the course of any civil action involving an employee, the department head or the County Manager may suspend the employee, with or without pay, for the duration of the proceeding as a non-disciplinary action. However, the investigation, hearing, trial, or civil action must involve

matters that may form the basis for disciplinary suspension, demotion or dismissal in order for the non-disciplinary suspension to be allowed. Full recovery of pay and benefits for the period of non-disciplinary suspension will be authorized by the County Commissioners if the suspension is terminated with full reinstatement of the employee.

Section 12. Dismissal

All dismissals shall be preceded by an automatic suspension of up to three days, with or without pay, pending review by the County Manager. If the County Manager determines that the dismissal is appropriate, such dismissal shall be effective at the end of the suspension. The County Manager shall consult with the Personnel Officer and the County Attorney prior to finalizing a department head dismissal.

Section 13. Reinstatement

An employee who resigns in good standing or is terminated because of reduction in force may be reinstated within one year of the date of separation, with the approval of the department head and County Manager. An employee who enters extended active duty with the Armed Forces of the United States, the Public Health Service or with a Reserve Component of the Armed Forces will be granted reinstatement rights commensurate with Chapter 43 of Public Law 93-508. An employee who is reinstated shall be credited with previous service and previously accrued sick leave and will receive all benefits provided in accordance with this policy and under supplementary rules and regulations. The salary paid a reinstated employee returning to the same classification shall be as close as reasonably possible, given the circumstances of each employee's case, to the salary step previously attained by the employee in the salary range for the previous class of work, plus any across-the-board pay increases. Anyone returning to work as a reinstatement and in the merit cycle, and having missed a regularly scheduled merit, will have the time away from work counted off in determining the new merit date. Future dates will tie to the original hire date.
