

Case Update:

Surry County now has 655 confirmed cases of COVID-19 and 4 COVID-19 related deaths. The Centers for Disease Control and Prevention (CDC) has defined recovery from COVID-19 as resolution of fever without the use of fever reducing medications with progressive improvement or resolution of other symptoms. According to this definition, Surry County has 517 recoveries.

<u>Surry County Cases</u>	<u>Surry County Deaths</u>	<u>Surry County Recovered</u>	<u>NC Cases</u>	<u>NC Deaths</u>	<u>NC Tests Completed</u>	<u>US Cases</u>	<u>US Deaths</u>
655	4	517	98,477	1,606	1,343,974	3,555,877	137,864

Weekly Updates:

- North Carolina will continue to stay paused in Safer at Home Phase 2 for an additional three weeks, until August 7, 2020.
- North Carolina schools will open in the fall for both in-person and remote learning with key safety precautions to protect the health of students, teachers, staff, and families.
 - [StrongSchoolsNC Public Health Guidance](#)
 - [School Children and COVID-19](#)
- NC DHHS has launched new online tools to help Spanish-speaking North Carolinians to determine if they should consider being tested for COVID-19 and help individuals monitor their symptoms if they have tested positive for or been exposed to COVID-19. [Click here for more information.](#)
- CDC has released a short video graphic detailing the difference between quarantine and isolation. [Click here to view.](#)

All North Carolinians should get the latest information on COVID-19 directly from reliable sources. The COVID-19 outbreak has been accompanied by a flood of misinformation from unreliable sources. Be thoughtful about what you read or hear about the virus and make sure you are separating rumor from fact before you act. COVID-19 information from across NC state government, including information about unemployment, can be found at www.nc.gov/covid12 .

Protective Measures:

In order to further protect yourselves and your loved ones, we would like to remind you to:

- Avoid contact with people who are sick.
- Stay home when you are sick, except to get medical care.
- Cover your cough and sneezes with a tissue and dispose of the tissue.
- Clean frequently touched surfaces and objects daily (e.g., tables, countertops, cell phones, computers, light switches, doorknobs, and handles) using a household detergent and water.
- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing. If soap and water are not available, and if your hands are not visibly dirty use a hand sanitizer that contains at least 60% alcohol.
- CDC recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies), **especially** in areas of significant community-based transmission
 - Cloth face coverings (not surgical masks or N95 respirators) should:
 - fit snugly but comfortably against the side of the face
 - be secured with ties or ear loops
 - include multiple layers of fabric
 - allow for breathing without restriction
 - be able to be laundered and machine dried without damage or change to shape

Further information about COVID-19:

Residents with general questions about COVID-19 can call NC 2-1-1 by dialing 2-1-1 or 888-892-1162. We'd also urge Surry County residents to seek information regarding COVID-19 from credible sources such as NCDHHS.gov or CDC.gov or visit NCDHHS and CDC on Facebook or Twitter!
