Weekly Updates:

- Centers for Disease Control and Prevention (CDC) has expanded the list of symptoms for COVID-19. Symptoms may include:
 - Fever
 - Cough
 - Shortness of breath or difficulty breathing
 - Chills
 - Repeated shaking with chills
 - Muscle pain
 - Headache
 - Sore throat
 - New loss of taste or smell
- Symptoms may appear 2-14 days after exposure to the virus. People with these symptoms or combinations of symptoms may have COVID-19. If you are concerned, or suspect that you have COVID-19, please contact your primary care provider.

Protective Measures:

In order to further protect yourselves and your loved ones, we would like to remind you to:

- Avoid contact with people who are sick.
- Stay home when you are sick, except to get medical care.
- Cover your cough and sneezes with a tissue and dispose of the tissue.
- Clean frequently touched surfaces and objects daily (e.g., tables, countertops, cell phones, computers, light switches, doorknobs, and handles) using a household detergent and water.

- Wash your hands often with soap and water for at least 20 seconds, especially after going to the bathroom; before eating; and after blowing your nose, coughing, or sneezing. If soap and water are not available, and if your hands are not visibly dirty use a hand sanitizer that contains at least 60% alcohol.
- CDC recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies), **especially** in areas of significant community-based transmission
 - Cloth face coverings (not surgical masks or N95 respirators) should:
 - fit snugly but comfortably against the side of the face
 - be secured with ties or ear loops
 - include multiple layers of fabric
 - allow for breathing without restriction
 - be able to be laundered and machine dried without damage or change to shape

Further information about COVID-19:

Residents with general questions about COVID-19 can call NC 2-1-1 by dialing 2-1-1 or 888-892-1162. We'd also urge Surry County residents to seek information regarding COVID-19 from credible sources such as NCDHHS.gov or CDC.gov or visit NCDHHS and CDC on Facebook or Twitter!

Masking Matters

Wearing a mask or a cloth face covering when you may encounter another individual can greatly reduce your chances of becoming infected with COVID-19 and spreading it to others.
