COUNTY OF SURRY, NORTH CAROLINA

August 5th, 2020

In light of the coronavirus COVID-19 and the state and national governments having declared States of Emergency, the Surry County Register of Deeds is implementing the following steps to limit social contact and limit the spread of this illness:

1. Effective immediately August 5th, 2020), the office will be closed to visitors without an appointment until further notice.
2. We will implement a workflow process that ensures the duties and responsibilities of the office are carried out as required by NC General Statutes.
3. We urge all local attorneys to fill out a MOU agreement with our E-recording vendors if have not done so already ... Simplifile – 800-460-5657 or CSC – 866-652-0111 for their E-Rec needs.
4. Notary Oaths, and Marriage License applications will be by appointment only. The applicant and our staff member must both be in good health or the appointment will be cancelled. For convenience, we are working with Surry County MIS to establish a business web cam in our offices. Until arrangements are in place, all appointments should be made by email. Access to the office is by appointment only and the policy will be re-evaluated daily. You may call 336-401-8150.
5. Non-E-record recording and Vital Records requests for certified copies will be accepted by mail, email, or overnight delivery. Requests for death records can be made by US mail or by email. Or you can access our online service Get Certificate Now on our Register of Deeds website.
